

YT27 Air-leg Rock Drill

Application:

It's widely used in all construction, tunneling and mining applications in different rock formations.

Product Features:

While efficient and with low energy consumption, the YT27 is durable, reliable and suitable for all applications and all kinds of rock.

Product Model	YT27	
Weight <i>kg</i>	27	
Length <i>mm</i>	668	
Shank size <i>mm</i>	H22×108	
Drilling diameter <i>mm</i>	34-45	
Piston diameter <i>mm</i>	80	
Piston stroke <i>mm</i>	60	
Air Pressure (at 5kg/cm ²)	≤57	≤43
	≥39	≥35
Rotation <i>r/min</i>	300	
Air hole inner diameter <i>mm</i>	25
